PROFESSIONAL EXPERIENCE

Vula - Fullstack Developer(Remote)

London, UK, Oct 2024–Present

- Architected an end-to-end investment management platform featuring automated pre-investment tracking to streamline due diligence and initial vetting processes.
- Implemented AI-driven analytics for post-investment tracking, providing real-time visibility into asset performance and financial outcomes for international portfolios.

Turing - Python Developer(Remote)

CA, USA, Sep 2023–Oct 2024

- Designed and validated multi-domain tasks (Networking, Python, Data Science) to train LLMs via supervised fine-tuning and RLHF methodologies.
- Created robust unit testing frameworks to evaluate model-generated code against "ideal" solutions, ensuring high-fidelity output.

A2SV(Backed by Google) - Competitive Programming Coach

A.A, Ethiopia, Oct 2021–Sep 2023

- Led an education squad(consisting of 6 heads of education), which taught 500+ students over two cohorts from AAU(2 classes in 2023, 4 classes in 2024), ASTU(1 class in 2023, 4 classes in 2024) & AASTU(2 classes in 2024).
- Contributed to 80+ students securing internships and new grad offers from top techs, including **Google**, **Amazon**, **Bloomberg**, etc, out of 500+ of them across Ethiopia's top tech schools.

EDUCATION

Addis Ababa University

Addis Ababa, 2018– 2023

Bachelor of Science, Electrical & Computer Engineering(Computer Stream)

- **Final year project:** mBERT-based Hate Speech Classification for Amharic Language - [link](#)
- **Relevant Courses:** Data structure & algorithm, Operating System, OOP, Distributed Systems, Database Systems

SKILLS

Programming Languages: Python, TypeScript, Go, Ruby, C++

Frameworks & Libraries: React, Next, Express, Django, Flask, FastAPI, Pandas, Node.js, TensorFlow, PyTorch

Databases and DevOps: Heroku, GCP, AWS Services, Docker, MongoDB, PostgreSQL, NoSQL, MySQL

OTHERS

Awards: Top 100 students in the 2018 GC National Ethiopian University Entrance Exam

Achievements: Passed 2022 internship SWE interviews with both Google and Square

Mentorship and Volunteering: Teaching Assistant for [Addis Coder'23](#) prepared by Prof. Jelani Nelson
